Foreword

After successfully running the Youth Parliament Pakistan on the national basis since 2007, PILDAT has now launched the first-ever **Youth Provincial Assembly Khyber Pakhtunkhwa (YPA-KP)** focused only at the youth of Khyber Pakhtunkhwa Province.

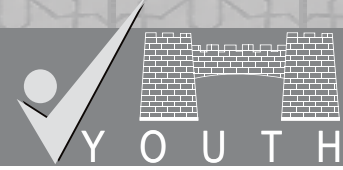

Establishment and facilitation of the **Youth Provincial Assembly – Khyber Pakhtunkhwa (YPA – KP)** is another part of PILDAT's focus on Youth in the country and Youth's awareness education and training in the norms of politics and democracy in the country. PILDAT strongly feels that sustainable democracy and the sustainability of sound democratic institutions in Pakistan is not possible without youth's involvement in the democratic and political process even if this involvement is simply as a citizen or voter.

The idea behind facilitating YPA - KP is not just to put Pakistani Youth through a mock exercise of what a Provincial Assembly does and how it should work but to inculcate in them the values and culture of democracy as central to effective governance in any society. In many ways, the process of **YPA – KP** is not just following the practices adopted by Provincial Assembly but also to introduce concepts drawing from international best practices that improve upon those practices.

We at PILDAT, as the Secretariat of Youth Provincial Assembly-Khyber Pakhtunkhwa, look forward to receiving feedback and input of young members and other stakeholders of Khyber Pakhtunkhwa so as to enhance the effectiveness and efficiency of this exercise in the future.

Why a Youth Provincial Assembly- Khyber Pakhtunkhwa?

As PILDAT launched the first-ever **Youth Parliament Pakistan** in 2007, the goals before us were to strengthen Pakistan's democratic institutions through inculcating democratic culture in the Youth of Pakistan. 6-years on, we have made our modest efforts through 4 batches of Youth Parliament Pakistan to generate open, fact-based and informed discourse on issues facing the country and develop tools, mechanisms and systems to facilitate the exposure of democratic system to the Youth of Pakistan. Through the Youth Parliament Pakistan, we have also encouraged that the Youth denounce extremist tendencies and lack of tolerance for others' beliefs and views and strengthen and uphold the rule of law in Pakistan.

With the firm faith that a steady and positive engagement with Pakistani youth is the best interest of the society, **PILDAT** has now launched the first-ever **Youth Provincial Assembly Khyber Pakhtunkhwa (YPA-KP)** focused only at the youth of Khyber Pakhtunkhwa Province. The Youth Provincial Assembly Khyber Pakhtunkhwa (YPA-KP) will focus on engaging with the Khyber Pakhtunkhwa Youth in a healthy discourse and exposing them to democratic process and practices.

While the Youth Parliament by PILDAT facilitated youth to focus on national issues, after the 18th Amendment to Constitution resulting in provinces with greater powers and resources, PILDAT felt that youth also requires an understanding of the role Provincial Assemblies play in the governance, legislation and policy oversight on a province. It is with this backdrop that first-ever Youth Provincial Assembly has been facilitated in the province of Kyber-Pakhtunkhwa.

A general and deepening disillusionment with political and democratic institutions has the potential to make extremist ideologies more attractive for Youth, a problem especially faced by Khyber Pakhtunkhwa. It is a general observation that educated Youth is more vulnerable to extremist tendencies as their awareness level does not find the matching opportunities to voice their views and engage in a civilized dialogue.

Youth Provincial Assembly- Khyber Pakhtunkhwa

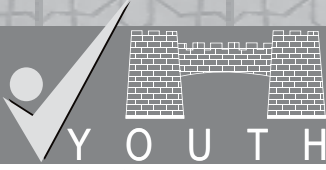

With such a background, the question Khyber Pakhtunkhwa society faces is that how do we deepen our understanding of parliamentary democracy, and uphold and advance its practice at the provincial level in Pakistan? PILDAT felt it important to engage the Youth of Khyber Pakhtunkhwa in healthy discourse and expose them to democratic traditions and culture so that they may be groomed as a civilised, tolerant and peaceful citizens. The concept of Youth Provincial Assembly-Khyber Pakhtunkhwa emerged as a way for young people to “learn by doing,” through taking part in Youth Provincial Assembly-Khyber Pakhtunkhwa. It was felt that practice on the benches of a mock Provincial Assembly can be useful in deciding how to become a more active citizen, either inside or outside formal politics.

The project of Youth Provincial Assembly-Khyber Pakhtunkhwa is seen as a way to inculcate democratic culture in Khyber Pakhtunkhwa Youth and to facilitate free but structured expression of their views. The Youth Provincial Assembly-Khyber Pakhtunkhwa is also seen as a key towards achieving the objective of support for democracy and growth and sustenance of democratic institutions in Khyber Pakhtunkhwa and Pakistan.

It is often said that widespread apathy exists among the younger generation towards political participation and

parliamentary democracy. Whether this fear is exaggerated or not, without doubt young people need to understand the principles which underpin democracy and civil society, develop the skills to use that knowledge effectively and be able to participate at the appropriate form. One method of assisting young people to understand these principles is through a Youth Provincial Assembly.

Youth Provincial Assembly-Khyber Pakhtunkhwa provide participants of Khyber Pakhtunkhwa with an opportunity to acquire or improve upon many skills such as public speaking, debate, presentation, research and organisational skills, aiding their personal development.

Objectives

The objective behind facilitating YPA-KP is to provide a platform to Khyber Pakhtunkhwa Youth to articulate their views on state policies and matters of their concern in an informed and structured manner. The YPA-KP will assist selected Youth of Khyber Pakhtunkhwa to learn how to engage in civilised dialogue and debate on contentious issues facing the province.

Specific objectives of the YPA-KP are to educate the Khyber Pakhtunkhwa Youth about politics and democracy and to demonstrate to them how the Provincial Assemblies are able to:

- a. Legislate;
- b. Debate matters of provincial and national concern;
- c. Demand accountability from those in Government;
- d. Discuss legislation in Committee;
- e. Change Government without recourse to civil disorder; and
- f. Make and enforce their own rules of conduct

In addition the YPA-KP serves as a useful forum to voice views of the Khyber Pakhtunkhwa Youth about a range of provincial and national issues. The debates in the YPA-KP are meant to not only help the young members in their personal development as a useful citizen, these also serve the purpose of articulating views of the youth on vital issues facing the province and conveying these

to the Government.
