## Foreword

The Youth Parliament Pakistan is a platform for the Pakistani youth patterned after the National Assembly of Pakistan. The 7<sup>th</sup> Youth Parliament Pakistan will reach 240 new Members selected from all across the country for a one-year term.

The idea behind facilitating a Youth Parliament Pakistan is not just to put Pakistani Youth through a mock exercise of what Parliament does and how it should work, but to inculcate in them the values and culture of democracy as central to effective governance in any society. In many ways, the process of Youth Parliament Pakistan is not just following the practices adopted by Pakistani Parliament but also to introduce concepts drawing from international best practices that improve upon those practices.

The 7<sup>th</sup> Youth Parliament has been re-oriented to give young members a fast-paced comprehensive orientation and training on democratic and political affairs of Pakistan, legislative processes and leadership skills. The revised model of Youth Parliament Pakistan aims to reach a greater number of young people, 60 each in 4 out of 5 sessions, thereby totaling 240 young members who will receive orientation and training in the 7<sup>th</sup> batch. The change in model has been envisaged so as to train more and more young people in values of politics and democracy, fact-based and reasoned dialogue and skills in leadership.

The PILDAT Youth Parliament Pakistan initiative, the 7<sup>th</sup> Youth Parliament Pakistan, is supported by the Danish International Development Agency, Government of Denmark, as recognition of the importance of young people's development in democracy and democratic practices.

This Introductory Book presents details about the Fourth Session of the 7<sup>th</sup> Youth Parliament Pakistan and its selected members. We at PILDAT, as the Secretariat of Youth Parliament Pakistan, look forward to receiving feedback and input of young Members and other stakeholders so as to enhance the effectiveness and efficiency of this exercise in the future.

## **Why a Youth Parliament?**

The vision of Youth Parliament Pakistan, its establishment and facilitation by PILDAT since 2007 has been part of our focus on Youth in the country. This focus has emanated from a critical requirement of Youth's awareness, education and training in the norms of politics and democracy in the country.

PILDAT believes sustainable democracy and the sustainability of sound democratic institutions in Pakistan is not possible without youth's involvement in the democratic and political processes. The idea behind facilitating a Youth Parliament Pakistan is not just to put Pakistani Youth through a mock exercise of what Parliament does and how it should work but to inculcate in the Youth of Pakistan the values and culture of democracy, tolerance, critical thinking and a rational, reason-based dialogue.

Youth (Aged 15 to 29 years as defined by the Government of Pakistan) forms a very significant segment of Pakistani society. Unfortunately, Pakistan has so far been unable to optimally harness the potential offered by the 'Youth Dividend.' Very little has been spent on the development of the youth to make them a productive part of the society. Both access and quality of education remain grossly deficient and lack of human development opportunities for youth have led to general disillusionment among the youth. Young people do not have suitable forum to express their views and there are limited opportunities to inform them on national affairs and groom them to engage in a rational discourse over challenges facing them and their society. Students Unions, which used to be a very dynamic and democratic platform in educational institutions up to late 1970s, no longer exists.

In this backdrop, the Youth Parliament Pakistan is an effort to provide a platform to the Youth to develop their leadership potential, to challenge them to engage in critical thinking and to articulate their views in a structured manner based on facts and figures.

PILDAT acts as the Secretariat of the Youth Parliament Pakistan. So far six Youth Parliaments have completed their one-year terms each.

## Objective

The specific objectives of the YPP are to groom the leadership potential of the Youth of Pakistan and to provide them with an opportunity to:

- i. Understand the Political System of Pakistan
- ii. Understand the Values and Culture of Democracy
- iii. Learn to be tolerant of all viewpoints
- iv. Engage in a rational, reason-based dialogue
- v. Engage in critical thinking on issues affecting Pakistan
- vi. Review existing policy framework employed in addressing issues within the domain of the Federal Government
- vii. Develop policy alternatives, based on the youth's perspective, to address critical issues
- viii. Remain engaged in policy reform areas as proactive citizens beyond the life of the Youth Parliament Pakistan
- ix. Identify and raise awareness among the youth on the prominent challenges faced by Pakistan today through a fast-paced 5-day training process.

## Selection Process

The process of selection of participants for the Youth Parliament has been multi-tiered and involves the following steps:

- i. Placing of Advertisement in nationwide editions of two of the largest circulating English and Urdu daily newspapers of the country as well as PILDAT website and other means of dissemination.
- ii. Submission of Expression of Interest by interested candidates

- iii. Internal review of Expressions of Interest and short-listing for Interviews
- iv. Calls for Interviews to short-listed candidates
- v. Selection Interviews by Youth Parliament Steering Committee
- vi. Selection Calls and Invitations for becoming Members of Youth Parliament

## Selection Criteria

Following criteria for selection has been adopted:

- i. Interested candidates should be citizens of Pakistan

- v. An avid interest in understanding politics and learning about democratic governance.
- vi. A desire to conduct fact-based and cogent review of State policies and programmes and willingness to contribute youth perspective on critical issues facing Pakistan.

Efforts have been made to ensure that all provinces and territories of Pakistan including Azad Kashmir, FATA and Gilgit-Baltistan are represented in the finally selected members including adequate representation to women and persons belonging to religious minorities.

## Key Features of the 7<sup>th</sup> Youth Parliament Pakistan

As a model Parliament for young people, the Youth Parliament Pakistan is patterned after the National Assembly of Pakistan although its membership is smaller. Wherever possible, the Youth Parliament follows the Rules of Procedures as close to the National Assembly as practical. However, better practices from other Parliaments are adopted to expose Pakistani Youth to better Parliamentary practices.

### Expressions of Interest

A total of 2654 Expressions of Interest (EOI), a record high compared to the previous 6 batches, were received
